VOL. XIV, NO. 8.

BLAIRMORE, ALBERTA, THURSDAY, FEBRUARY 8, 1928.

\$2.00 YEARLY

LIVINGSTONE LODGE 32, KNIGHTS OF PYTHIAS

Under the charge of J. T. Griffiths, D.D.G.M., assisted by a degree staff from Coleman and Hillcrest, the first, second and third degrees were conferred on a large number of candidates, on Saturday night last. The meeting was called to order at 7 p.m. and concluded at 7 a.m. on Sunday. The installation of officers will take place tomorrow (Friday) night, following the conferring of degrees on another batch of about ten candidates. The new lodge has adopted the name of "Livingstone Lodge Number 32" and starts out under the most favorable circumstances. Meetings will be held in the I.O.O.F. hall on the second and fourth Friday of each month, commencing at 8 o'clock. Tomorrow night's meeting will be called to order promptly at 7 o'clock.

CORNER ASSOCIATION BUILDING CHANGES HANDS

We understand that Messrs. Knight and Putnam have disposed of their interests in the Corner Association's building at the corner of Victoria St. and Seven Ave., and that Mr. Reid, former member of the A. P. P., is the new landlord. The building is being refloored and renovated.

UNION BANK MOVES INTO ELABORATE NEW OFFICES

The Union Bank of Canada observed a holiday yesterday for the purpose of moving into their new offices, which are without a doubt the finest in the province outside the cities.

MUNICIPAL NOMINATIONS AT COLEMAN

Nominations at Coleman on Monday resulted as follows:
For Council—Harry Gates, William Lees, Alex. McKinnon, John McDonald, Jack Johnson, Paul Baron and George Dickson.

For School Board—J. O. C. McDonald, William Hayson and Alex. Thomas, elected by acclamation. There are three vacancies to fill on the council, so that an election will take place on Monday next.

Mrs. W. McVey and Mrs. Fraser leave next week for Calgary where they will attend the annual Rebekah Assembly as delegates from Crowview Rebekah Lodge.

Coleman is represented at the big curling bonspiel at Cranbrook this week by one rink. Blairmore is not even so fortunate and is not represented at all.

BLAIRMORE NOMINATIONS

Nominations for mayor, councillors and school trustees took place on Monday last with the following results:

For Mayor

W. J. Bartlett—Proposed D. C. Drain, seconded J. B. Harmer.

A. McLeod (for re-election)—Proposed J. E. Gillis, seconded G. N. Elwin.

For Council

Joseph B. Harmer—Proposed D. C. Drain, seconded W. J. Bartlett.

Evan Morgan—Proposed J. A. McDonald, seconded H. Seyan.

J. A. McDonald (for re-election)—Proposed by Evan Morgan, seconded William Patterson.

William Patterson—Proposed Angus Chasla, seconded Rod McDonald.

For School Trustees

W. J. Bartlett—Proposed M. Belicky, seconded E. Hinds.

William Henry Chappell, Jr. (for re-election)—Proposed Owen Morgan, seconded Joseph Montalbetti.

Dorcas J. Christophers—Proposed Evan Morgan, seconded Charles Forsyth.

Annie Gibeau—Proposed D. C. Drain, seconded W. J. Bartlett.

Allan Hamilton (for re-election)—Proposed A. S. May, seconded Thomas Barnes.

D. A. Howe—Proposed William Patterson, seconded J. A. McDonald.

John McPhail (for re-election)—Proposed A. S. May, seconded Thomas Barnes.

Inez M. Putnam—Proposed Catherine Patterson, seconded F. M. Thompson.

The election takes place at the town hall on Monday next, for which Frank Wright, secretary-treasurer, will act as returning officer.

Three vacancies on the council and three on the school board are to be filled.

Special Hockey Train

All aboard for Lethbridge! On Wednesday next at 3 o'clock in the afternoon, the Hockey Special will leave Blairmore station, bearing the enthusiastic supporters of the Blairmore Canadians to Lethbridge, to witness the last fixture of the Crow League when the Vets will oppose the local pets.

Arrangements for the train have now been completed. It will leave here at 3 arriving at Lethbridge at 6 o'clock, and the return from Lethbridge will leave at 11 and arrive here at 2 a.m.

It is expected that persons numbering around 400 will take advantage of the Wednesday half holiday to go on this trip. The West Canadian are also closing down their entire system at noon that day to give their employees a chance to take in the big event.

Train tickets for the Special can be obtained only from a committee appointed to sell same, whose names will appear on large posters to be circulated tomorrow. Those intending to take in the game are given due notice in this regard and should not fail to purchase their ticket at once. This saves the extra rush and also hurries at the last moment and also gives the committee an idea of how many will make the trip. Get yours today! Let's go!

Over four hundred reserved seats have been sent up from Lethbridge and these may be obtained on the train enroute to Lethbridge. The 400 will undoubtedly not be enough to go round, but that is all the Lethbridge management could spare.

Local fans feel confident that the local speedsters will win this last game and are going down full of rooting powers to cheer them on to victory.

The usual lineup will be used for this game, including Billy Turner, who wrenched his knee at Coleman on Tuesday night.

Cash and Credit

A person without money or property usually has little credit, even if his integrity is well known.

Credit is based on capital, and capital is the result of saving. Credit is not a gift; it is a growth. It comes through earnest effort long continued. Some day you will need it.

Saving is the first step to good credit.

Co-Ordination Of The Canadian National And Grand Trunk Effectuated

Ottawa.—Co-ordination of the Canadian National and Grand Trunk Rail way systems has been carried out. It was announced by the Prime Minister, in addition, the Premier stated, directors of the Canadian National had recommended that the permanent headquarters of the amalgamated systems be established in Montreal instead of Toronto, with sub-administrative centres at Winnipeg, Toronto and Moncton to handle the western, central and eastern districts into which the system is to be divided.

The voting capital stock of the Grand Trunk, the Premier stated, amounting to \$37,075,422, now being held by the Minister of Finance, in trust for His Majesty, in the right of the Dominion of Canada, has been transferred to make the amalgamation of the system complete.

An order-in-council, dated January 28, provides for the necessary transfer of stock. It sets forth that under the act, amendments for the purpose among others, "of amalgamation, may, with the approval of the Governor-in-Council, on the recommendation of the Minister of Railways and Canals, be entered into between the Canadian National Railway Company and any other railway company approved by the Governor-in-Council."

The directors of the Canadian National Railway Company are authorized by the order to take all necessary steps to complete the amalgamation and to carry the same into effect. The Canadian National Company, as constituted by such amalgamation, is to have a capital stock of \$180,424,377.70, and one share is to be issued for the whole of this amount, subsequently to be divisible into any number of shares or lesser denominations as may be requested by the Minister of Finance; the Minister of Finance will be registered on the books of the amalgamated company as the holder of this share of stock in trust for His Majesty.

New Bonuses for Fishermen

Ottawa.—Provision has been made in an order-in-council for the payment of bonuses to owners of fishing vessels and to fishermen as follows: To owners of vessels, one dollar per registered ton, not to exceed a total of \$80 per vessel, and to vessel fishermen, \$2.95 each. Boat fishermen complying with the regulations will receive \$5.45 each, and boat owners one dollar per boat.

Compulsory Grading of Cream Winnipeg.—A resolution asking the Provincial Government to pass legislation similar to that in force in Alberta respecting compulsory grading of cream in the province, to be put into effect when Saskatchewan adopts similar legislation, was adopted here at the annual convention of the Manitoba Dairy Manufacturers' Association.

This Lady Gives the Reason Why

She Recommends Dodd's Kidney Pills for Kidney Ills

Miss C. M. Cridland suffered from Kidney Trouble and got no Relief Till She took Dodd's Kidney Pills. "Pure, Good, I well known resident here, states, 'I have been troubled with my kidneys for some time. Dodd's Kidney Pills did me more good than any other medicine I have ever taken. I think they are a wonderful medicine.'"

Dodd's Kidney Pills are purely a kidney remedy. They tone up and strengthen weak kidneys and put them in condition to do their full work of straining the impurities out of the blood. Strong healthy kidneys are absolutely necessary if the blood is to be pure and the body healthy.

Pure blood, coursing through the body carries to the different organs, the nourishment they need. Keeps them sound and enables them to throw off disease of different kinds.

Alberta Claims First Place

5,975,744 Tons of Coal Mined in Province in 1922

Edmonton.—More coal was mined in Alberta in 1922 than in the year preceding by 35,549 tons. The figures for the year, which have just been made up by the Provincial Mines Branch, were 5,975,744 tons as compared with 5,939,195 tons in 1921. The total production from all the mines in the province puts Alberta, it is thought, again at the top of the list among the coal producing provinces of Canada, though the figures from Nova Scotia, its closest rival, are not yet to hand.

Small Republic Starving

Caucasian Tribe Suffering From Famine and Disease

Moscow.—The Daghestan Republic, a tiny nation of fierce mountain tribes on the Northeastern slopes of the Caucasus, is starving and without medicine. M. Sumgatarov, the little country's president, has informed Capt. Quinn, acting head of the American relief administration. As a result of a conference between the two men the relief organization has agreed to help Daghestan. President Sumgatarov told Capt. Quinn that 250,000 cases of tropical malaria existed in his country while 150,000 persons were starving.

Grater Opens in Venice Town

Venice.—A curious phenomenon occurred in Francorigo. After violent rumblings, a crater suddenly opened with a great explosion in the centre of the market square, from which flames and boiling water spouted to a height of 80 or 70 feet. The population was in a panic, fearing further eruptions.

Calgary Grain Shipments

Calgary.—Three times the quantity of grain of all kinds passed through Calgary during the month of January this year, as compared with the corresponding period of time in the preceding year, according to statistics supplied by the Calgary Grain Exchange.

Out Passenger Rates

London.—The trans-Atlantic steamship lines have reduced their rates of passage from England to the United States and Canada by approximately 10 per cent for saloon accommodations; two pounds for second-class, and twenty-five shillings for third-class.

German Miners Trapped

Dortmund.—Five days following an explosion, has cut off 250 miners in the Heinitz mine at Beuthen, Polish Silesia, says a Central News message. Several bodies have been recovered. There is little hope, the message adds, of saving any of the imprisoned miners.

DARING TRAIN ROBBERY

MASKED BANDIT ROBS EXPRESS CAR NEAR REGINA

Regina.—The express sale of C.N.R. train No. 6, Edmonton to Winnipeg, was robbed by an armed masked bandit on Thursday evening. Paul Venke, the express messenger, was alone in the car and was seized and bound by the bandit. The robber got away with the proceeds of practically all express points between Edmonton and Regina, but officials say the amount is not large. The loot consisted of bank deposit slips, non-negotiable securities, and a small quantity of cash.

Canadian Killed in Egypt

Nephew of Sir Montague Allan, Montreal, Robbed and Murdered.

Cairo, Egypt.—The Canadian who was reported missing from a private steamer on the Nile, and was found murdered and robbed two miles from Khor has been identified as Travers Allan, of Montreal.

Information received at the Ministry of the Interior, points to the theory that the murder was not political but was probably due to the desire on the part of the murderers to obtain the victim's valuables.

The impression is Allan was going alone to Karnak to see the famous ruins by moonlight. The body was found on the Karnak road.

Montreal.—Travers Allan was a nephew of Sir Montague Allan. He was born here 45 years ago and was unmarried.

Britain Accepts U.S. Terms

Government Reaches Decision in Regard to Funding Debt

London.—Great Britain has decided to accept the American offer in regard to the funding of the British war debt to the United States. The government's decision was reached at a cabinet meeting. There was a full attendance of the ministers, who apparently entered the meeting with the decision already formed to follow the recommendations of the Chancellor of the Exchequer as the session lasted only a few minutes.

The terms are three per cent. for two years and three and one-half per cent. thereafter. No reservation was made regarding Great Britain's being allowed to pay the total sum after the ten-year period.

To Combat Drug Menace

Urges World-Wide Effort to Cut Drug Production

Washington.—President Harding will be required to urge a world-wide limitation of narcotics and habit-forming drug production, under a resolution introduced by Chairman Foster of the Foreign Affairs Committee of congress.

Asserting that present conditions, arising from the use of narcotic drugs, are due mainly to production many times greater than is necessary, the resolution requests the President to urge upon the governments of Great Britain and Persia the immediate necessity of limiting growth of plants used in the production of opium and its derivatives exclusively to the amount actually required for medical and scientific purposes.

Want Increased Pay

Civil Servants Will Present Request to Dominion Government

Vancouver.—Revision of salaries to include a minimum wage of \$100 a month, will be one of the requests of the Amalgamated Civil Servants of Canada to the Dominion Government when the annual convention of the organization is held here commencing February 19, according to a statement made by H. T. Warburton, President Local Council.

Mr. Warburton declared that there were 33,223 civil servants in the Dominion receiving \$30 a month and less. This amount, he stated, did not provide for clothing, education and many other necessities of family life.

Liner Rescues Shipwrecked Crew

Buenos Aires.—Exhausted from exposure and privation after the loss of their vessel, the shipwrecked crew of the four-masted bark Nai was picked up off Cape Horn from the small boats in which they had escaped, by the German liner Cap Polonia, according to a wireless message from the steamer.

Glider Makes New Record

Bliska, Algeria.—Barbot, an aviator, in a glider flew eight hours thirty minutes, 45 seconds. These figures better those made at Cherbouze, January 29 by Lieut. Maneyrol, who flew eight hours and 4 minutes. The performance, however, will not constitute a record as no official timekeeper was present at the flight.

MON. PETER VENOT TAKES REINS OF NEW BRUNSWICK ADMINISTRATION

Fredericton, N.B.—New Brunswick's sixteenth administration since Confederation assumed office when Hon. Peter J. Venot, and the members of his Cabinet were sworn in before Hon. Wm. Fugate, Lieutenant-Governor.

The new Government in the same as that of Hon. Walter Foster, which resigned, with the exception that Mr. Foster retired as Premier and member of the Executive Council. Immediately following the swearing in, the new Government went into their first meeting to arrange for the opening session of the Legislature which is expected to open Thursday, March 8.

Farm Help for Western Farmers

TO BE OF SERVICE to Western Canadian Farmers and help to meet their needs in securing competent help, the Canadian Pacific Railway is prepared to utilize its widespread organization to provide such help from a number of sources.

THE CANADIAN PACIFIC Railway will now receive and attend to fill applications for male and female farm help from immigrants from British, Russian, Holland, Denmark, Switzerland and Norway, in all of which countries the Company has representatives who have farmed in and are familiar with Western Canadian conditions, and who are now in touch with such men and women ready and anxious to come to Canada.

THE GOVERNMENT of the countries above mentioned have expressed their willingness to aid the emigration of this class of their people, in order to fill and develop their own lands, and to help to help to the farmer at the proper time and with a clear understanding of the requirements and conditions of the proposed settlement. For further information has been prepared which can be obtained from any C.P.R. Station Agent or office listed below.

The Company will make no charge to the farmer for this service, nor will the farmer be required to make any cash advance whatsoever towards the travelling expenses of his help to the nearest railway station. The information necessary applied for in these applications forms, which will be held in strict confidence, covers the following points: (1) Name of the farmer, (2) name of the proposed help, (3) date required and for how long, (4) nationality desired, (5) monthly wages offered, (6) kind of work offered, etc.

W. J. BARTLETT, PUBLISHER
Blairmore, Alta., Thurs., Feb. 8, 1935

THANK GOODNESS, WE HAVE ONE FRIEND!

The following letter, accompanied by \$2.00, was received from a friend in Lethbridge by this morning's mail:
Lethbridge, Alberta.
February 7th, 1935

Dear Bartlett,
Rather than see McPhail do you out of their four drinks, I enclose you two dollars to keep going full swing for another year, or until the New Law comes in.

Yours very truly,
A Friend.
Mr. and Mrs. J. Swinerton, of Macleod, were visitors here yesterday.

DOES IT PAY?

Advertising has made the Victoria dog famous.

It has made the cash register a big brother to retailers all over the world.

It has introduced the world to a substitute for sole leather.

It is displacing the truck horse with 40 horsepower trucks.

It has helped you to an appreciation of Stetson hats, Walk-Over, Douglas, and Emerson shoes.

It has made the hand-written letter an oddity in business.

It has put hair oil on heads where it has not been needed, and on heads where no oil was needed.

It has put Castor's down your throat, left bristles in your gums, and then came along with a Rubber-set and took them out.

It has put Soudant, Pebecco and Peppermint on your teeth.

It has not a Gillette against your bay field.

It has put Murine in your eyes, sold you Cuticura for your pimples, Pears for your bath and Ivory for the tub.

It has put Arrow collars around your neck and Ingersolls around your wrist.

It has lammed your feet in hickory-soled shoes, put Paris gardeners on your legs, and Tiffany rings on your fingers.

It has stuck Robert Burns cigars between your teeth, worn out your jaws on Wrigley's and posted you on what will cure corns, warts, fungus and ingrowing toe nails.

Go anywhere you want to, do anything you wish, and advertising has had a hand in it—absolutely.

And then some people ask: "Does Advertising Pay?"—Columbus (Ga.) Sun.

THINGS TO FORGET

If you would increase your happiness and prolong your life, forget your neighbor's fault. Forget the shadow you have heard. Forget the temptations. Forget the fault-finding, and give little thought to the cause which provoked it. Forget the profligacy of your friends, and try to remember the good points which make you find of them. Forget all personal quarrels or histories you may have heard by accident, and which, if repeated, would cause a thousand times worse than they are. Blot out, as far as possible, all the disagreements of life; they will come, but they will grow larger if you remember them, and the constant thought of acts of meanness, or worse still, malice, will only tend to make you more familiar with them from yesterday; start out with a clean sheet for today, and write only in ink for tomorrow's sake, only those lovely things which are lovely and lovable.

The two upper stories of the Grand West Hotel building at Calgary were completely gutted by fire on Thursday night, Feb. 7, 1935, when the building was occupied by 100 persons.

GOLDEN WEDDING

AT BELLEVUE

Mr. and Mrs. John Hutton celebrated their golden wedding at the home of their daughter, Mrs. George Campbell, on the night of Saturday, February 2nd, 1935.

Mr. and Mrs. Hutton were married on February 4th, 1870, at Dundas, Darnleyshire, Scotland, by the late Rev. Fergus Ferguson, minister of the parish. They have had nine of a family, all of whom are alive, except one who made the supreme sacrifice on Flanders Field. They also have twelve grandchildren. Mr. Hutton is now a seventy-five years of age, while Mrs. Hutton is seventy-two. Both are hale and hearty and appear good for many more years.

On this occasion they were presented with a well-filled purse, subscribed by the family and friends present. Rev. Harry Peters acted as chairman, and in a few well-chosen remarks congratulated the aged couple on their fifty years of married life. Mr. Hutton replied, thanking all present for their beautiful gifts. A pleasant evening was spent in songs and violin selections by Mr. W. Kerr, and the company broke up with the singing of "Auld Lang Syne."—Con.

COAL PRODUCTION 1922

Figures for the coal production of Alberta for the year 1922 show an increase over the previous year in spite of strike conditions.

Divided between the several grades of coal, the year's production was as follows: Domestic, 5,075, - 1 tons; bituminous, 2,214,737; sub-bituminous, 655,072; anthracite, 40,411.

WE MUST BE A FRUITFUL

A New York grower once he found it in a basket of Florida Beans:

"Dearest Sweet Pea: Do not care not for me? My heart leaps for you. With your radish hair and turnip nose, you are the apple of my eye. Give me a date, if we can couple. Let me marry, anyway. I know we would make a happy pair.—Lima Bean."

Obviously "hope springs eternal" in the hearts of the prohibition squad that they will some day find some liquor cached away in Okotoks. They paid another visit here with three search warrants, but the only thing they found was a strong smell of gasoline in one place. Never mind boys, if you keep plugging away some day, somewhere you may find something. If you do we want a share, but we would sooner have it out of a bottle than a double barrelled shot gun.—Okotoks Review.

Across the printer's haggard brow dark waves of gloom are apt to flow when he recalls the dismal task he has of collecting hard-earned dough. He's had his prices beaten down and frequent gets it in the neck; then often waits a year or more before he gets paid a cheque. Yet, every week the ghost must walk among the men who juggle type, and bills for ink and other stuff must not be left until too ripe. I think it is a downright shame he comes to make him run their work, to guard him into greater speed and then from early payment check. There's lots of firms that say "No Bill," for too much credit brings a crash; they wouldn't think of selling beans unless they got the ready cash; and yet they stand the printer off with fifty different tales of grief, and have him call and call, when really one should be enough. No business should be too narrow; from being like these we should be rid; they should be dipped in boiling oil or hanged upon a grid. And then I'll make an iron law for "Pay the Printer in Advance"—the clouds of law would grow; with each about his ears are dead, and he has time to sleep and dream.

HILLCREST HAPPENINGS

The Tabor Town Band gave a concert in the Union hall on Monday night, followed by a short dance until about 1 o'clock.

Quite a number of members of the Knights of Pythias journeyed to Blairmore Saturday to take part in the national ceremonies there, returning on Sunday in limousine.

Joseph Boyle was engaged at the dance given in the opera house, Coleman, on February 3rd. He has accepted an engagement at the Grand Theatre to sing every Saturday night.

Quite a few of the boys have started playing hockey, having cleared on a space between Davies' and the railway station. Some of them are showing remarkable ability at the game, considering that they are novices.

The concert given by the Bellevue silver band at the opera house on January 26th was greatly enjoyed by the audience. The weather and bad roads Mr. Johnson, of Coleman, was unable to attend. It is the intention of the band to repeat the concert when conditions are more favorable.

Over three hundred from Hillcrest took in the hockey game at Blairmore on Saturday night. The crowd was very large and the support will be mutual. Everyone is looking forward to the public meeting to be held and to hear the report of the committee appointed recently to get necessary data. Now, boys, all jump together.

On the 3rd instant a kitchen shaver took place at the home of the bride-elect, Miss E. Fox, Peaceful Valley. It was given by the church choir and friends.

A very useful assortment of kitchen utensils was presented, which will last the young couple for a life time with care. "The little town of Hillcrest is all agog, waiting for the date of the wedding, as it is intended to make it a day of general celebration and everybody intends to have a good time. After it is over, Hillcrest's loss will be Bellevue's gain."

A well-attended meeting of the Football Club took place on the 2nd at the school house. The following officers were elected for the season: Hon. President, William Stevenson; President, Ed. Royler; Secretary, H. Shubler; Treasurer, R. Headerton; Trainer, H. Fisher. Various committees were also chosen. It was decided to run a basket social and dance on February 16th (watch for bills). There is every prospect of a good time being had by the members and also several inquiries. The selection committee would like to see as many local boys as possible turn out.

COWLEY HAPPENINGS

The Women's Institute gave a social evening in the Masonic hall on Tuesday last.

Mrs. R. W. Elton left on Saturday for Calgary, thence to England on an extended visit.

The local citizens who went to Blairmore to witness the Bellevue-Blairmore hockey game, report a good time.

Wilfrid Lalupelle, a farmer north of here, was seriously injured by an angry bear on Saturday last. Under the care of Dr. Donald he is progressing favorably.

Wednesday night's whist drive was well attended. The prizes were won by Mrs. Banning (cut glass dish) and Dick Alexander (razor). The lunch was furnished by Miss Edith McKen and Mrs. Banning. The next drive will be held on Thursday evening, February 15th. For the rest of the season the drives will be held on Thursday, instead of Wednesday, as it has previously been.

JUST RIGHT

Last winter a Northern tourist while spending a few days in Atlanta decided to try the local moonshine about which he had heard so much. He secured a pint of the "white lightning," and retired to his room to sample it. One taste was enough. He did not care to throw it away, so he persuaded it to an old darkey who had been driving him about the city all his life.

The next day he asked the old negro how he liked the liquor. "Boss, it was really right. Yes, sah, it was really right."

"What do you mean by just exactly right?"

"Well, sah," said the darkey, "it was just 'sactly right, 'cause if it had or been any better you wouldn't or give it to me, 'n' if it had been any worse I couldn't or drink it."

Dr. Kennedy, of Macleod, was in town this week.

REPLIES TO JOHN SAKAS

Maple Leaf, Alberta, February 8, 1935.

Editor Blairmore Enterprise.
Dear Sir: Kindly allow me through your valuable paper to express my impression that may have arisen through the publication of a letter from your columns written by John Sakas, of Hillcrest. Whilst the reading of that letter was in my mind, I was much at the same time. It was very much to the point. I have lived long enough in these parts to know that one time the rivalry between the two camps was good, healthy and keen, and after every game, no matter of what kind and no matter which way it ended, all parties enjoyed themselves together; but now it seems that the rivalry has developed into a vendetta. We know that Hillcrest two years ago had a pretty raw deal handed out to them at the sports here in Bellevue, an action that never met with the approval of a lot of people here, and one that should have been rectified long ago. However, we can assure Hillcrest that there are some real good sports in Blairmore yet, and we intend to keep the persons responsible for this bad feeling out of our sports. I believe that anything, in fact, if they feel like leaving the district, we will gladly give them a good send-off, in any place, provided it is far enough away.

Thanking you, Mr. Editor,

Yours truly,

SPORTS DAX, 1931.

A ten is to be given by the Philomathean group of the C.G.L.T. on Saturday, February 9th, at the Mission Hall, from 3 to 6 p.m. Admission 25c. Everybody welcome.

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was very annoying. I was run down. Being run down I had some trouble in getting rid of it. I was a nervous wreck. I would wake up regularly every morning feeling that some terrible calamity would take place. Although I was very comfortable, I felt sure my husband was going to lose everything. The child was worried me. If they made the least noise, I would be up. I was a terrible terror. I would send them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and begin to think and picture dreadful things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, and I was so weak that I could scarcely raise my head. I would wake next day just as tired as when I had been. After that I was so run down, I was a while I got so that I didn't care what happened. The children annoyed me and I wouldn't have cared if they had left me alone. Good. I felt that it was only a matter of time before I would lose my mind. I knew that my symptoms were due to a run down condition and that if I could only get something to build me up, I might be all right. I knew that there must be some good tonic but most of them made me feel worse. I was afraid of them. Happiness came to me when I ran across a booklet about Carmel. I was impressed with the moderate price. I had never heard of Carmel, so I made up my mind to try it. I did and today I am the happiest and healthiest woman living. I haven't a care in the world. Instead of running away from me, my children are now with me all the time. My husband tells me that my disposition is as near an angel as any human being can be, but of course he is prejudiced. I don't believe I have a nerve in my body now."

Carmel is sold by your druggist, and if you can conscientiously after you have tried it, that it doesn't do you any good, return the empty bottle to him, and he will refund your money. 6-23

OF INTEREST TO RETURNED MEN

Returned men of Albert: who have any complaints or grievances with regard to existing regulations on pensions and re-establishment, I have an opportunity to put their case before the Royal Commission appointed by the federal government, when that body sits in Calgary during the early part of March. Every veteran who has complaint should immediately outline his case in a communication to the secretary of the Central Council, G.W.V.A., Calgary, so that it can be used as evidence before the Commission.

Six witnesses will appear before the commission when it sits in the city and they will present all the evidence which will include such matters as those affecting amputation, T.B. cases, appeals, D.S.C.R. attribution, pay and allowance, vocational insurance, canteen funds, unemployment exchange soldier settlement and general re-establishment. It is essential that the witnesses have all the evidence available so that they can truly present the claims of the returned men of Alberta. In brief, the scope of the inquiry is as follows:

To receive suggestions as to improvements in the method of procedure whereby Canadian ex-service men may apply for positions and treatment and also may submit an appeal from decisions as to pensions and treatment.

To hear evidence as to needs of discharged handicapped men.

To hear evidence as to extent of existing re-establishment needs.

To hear evidence and suggestions as to disposal of canteen funds.

The nation should make peace first and then make it last.

The Canadians beat Bellevue team down from top perch in the league last Thursday night in a game that was Blairmore from start to finish.

The score was tied three times in the first thirty minutes of play, but after that Bellevue were checked into submission and the game ended 9 to 4 against them.

Rennick, at per usual, opened, scoring in less than five minutes. Towell tied it for Bellevue.

Then Rennick scored again and Towell tied it again. Reddick then beat Thompson on a shot which the goal judge did not see, but the referee allowed. Both teams were going strong in this period and Thompson was the shining light for Bellevue. The period ended 3 to 2 in favor of the Canadians.

It was Towell who again tied the score for Bellevue. That was the finish of Bellevue. The local puck-chasers just checked the visitors down at every turn and out-skated them all the way and went through the Bellevue defense at will. Mackie scored two and Rennick, Turner and LeVasseur got one each, making the score 8 to 3. Fights and penalties were in order in this period and Referee Marion, of Lethbridge, was booed every few minutes by Bellevue fans for their boys were the chief offenders.

Towell and Mackie were particularly dirty and most referees would have banished them from the game.

Both teams secured one goal each in the last period. The Bellevue boys were roughing it every minute and it was only natural for the locals to retaliate, and consequently neither were up to full strength for more than half the time. Towell, Bellevue centre man, displayed very poor sportsmanship when he shot the puck at the referee and later threw his stick at him. He received the worst boing from the fans any player has ever been accorded and drew two minutes in the cooler. Rennick and D. Dewar were responsible for the two goals.

Bellevue only got through the locals defense twice during the game, all their four goals being scored from outside the blue line.

The locals increased their lead in the league on Tuesday night when they beat Coleman on home ice to the tune of 8 goals to 3. The boys opened up in the first period when Pruden scored. The period ended 3-0 in their favor, which indicates fairly well the edge the Canadians had on Coleman.

The second period was repetition of the previous one, and the score was 5-0 until half way through. It ended 6-2, Coleman getting their goals from scrimmage in front of the net after Referee Clark had faced off the puck practically in the goal mouth. Blairmore managed to run up two more in the final spasm and Coleman got one. The final score of 8-3 gives an idea of how much Coleman were in the game. They never got through the locals defense a single time during the whole game and were out-played and out-skated in every department of the game. A few minor penalties were handed out.

SPORT NOTES

Blairmore's defense has been broken through twice in the last two games. And they were playing the best opposition in the league. This is rarely accomplished by any team and local fans should feel quite proud of the fact.

Lethbridge next Wednesday! Let's go!

This district has the distinction of being the only one in the west that we know of, to have special trains for hockey games.

Look at the good start Bellevue would have had if they had only saved their money.

Towell scored three of Bellevue's counters and not being satisfied with that he shot the puck at the referee. Then on top of that he went and threw his stick at him. He's a good player, but—

Lethbridge is proving to be a dark horse in the league despite the fact that Dowd's hair is blonde.

As we predicted, Blairmore administered another defeat to Coleman on home ice. And it was a defeat too: 1st period, 3-0. 2nd period, 6-2. 3rd period, 8-3. And the score was 5 to 2 during the second period.

We are sobering up our staff photographer for the Lethbridge game next week, hence the absence of his work this week.

We nearly gave up the ghost last Friday morning when a friend asked us to have a snort, and having lost our voice the night before we couldn't answer "Yes."

BLAIRMORE CURLING CLUB

On Friday last, W. Bird and J. E. Macleod took two rinks at Pincher Creek for the Burns Cup Competition. This cup had been in the possession of the Hillcrest Club for some time and was won by Pincher Creek from them two weeks ago, but as a result of the contest at Pincher is now in the custody of the Blairmore Club.

The rinks at Pincher Creek had a victory of seven points over the two games and the challengers are to be congratulated on the success of their mission.

On Wednesday three rinks from the town of Macleod paid a visit here, playing three games in the forenoon and three in the afternoon. The total result was a win for Blairmore by a shot on the six games. The following list shows how the games resulted:

Blairmore Macleod

Bird 17 Stewart 4

Wilton 3 Pringle 10

Mackenzie 7 J. Stewart 4

McDonald 10 Pringle 12

Clark 12 J. Stewart 10

McLeod 10 O. Stewart 11

Total Blairmore 64, Macleod 61.

The new Moray Trophy has continued and the following is the result to date:

Mrs. Wright 4 3

Mrs. Bird 4 3

Mrs. Granger 3 3

Mrs. Elliott 3 4

On Monday evening next the bonspiel will commence with two draws at 8:45 and 9:45 p.m. All will please note that commencing on Monday the next point to play will mean Bonspiel rinks as posted at the rink and also that all games not played when draws will be defaulted.

The draws for the bonspiel competition will be posted on Friday of this week.

A challenge has been received from the Hillcrest Club for the Burns Cup and it is expected that the game will be played on Saturday evening.

CO-ORDINATE POLICE WORK

Co-ordination of police work in the three prairie provinces as between the provincial and federal police is now under discussion, and may be taken up at a conference held following the adjourning of the legislature. The matter has been taken up by Attorney-general Brownlee with the other western provinces, and so far has practically been endorsed by Manitoba.

"Very pretty," the Senator observed judicially. "Inspired, perhaps."
"How long are you going to stay?" asked Wade.
Helen laughed happily.
"Perhaps that will depend upon how glad I think you are to have us."
She gave him an ardent glance, which he was not proof against, nor would any other man have been so.
"No doubt of that," he laughed with her, his disappointment passing before the old love spell, which she knew so well how to cast about him. "You couldn't have come at a better time, either, for now there is only one here who can be company for you. That is," he added lamely, "when you're tired of having me around."
"Really?" Helen was a bit chilled by this obvious faux pas. Truly, despite his love for a man, Gordon Wade was no courtesan.
"Of course, you haven't heard of her, but you'll like her. She's Miss Dorothy Farnell. Everybody does like her."

Helen affected a gasp which she could scarcely have been expected to feel. Although she was not socially adept in concealing her real feeling, Wade saw nothing wrong in the fact that Senator twisted his mouth in a grimace.
"Oh, but I have heard of her; indeed, I have. Mr. Moran sent me a little photograph of you both on his return. Just see how her face has crossed the continent! I shall be charmed to meet her."

A great light dawned upon Wade.
"Then that was what he wanted with the picture," he exclaimed. "We wondered at the time that he thought pretty important of him, but of course if he wanted it not to send to you, that was all right."
Miss Rexhill smiled inwardly. In spite of herself, her face expressed a certain amount of relief for the fact that Wade had wanted the picture for himself, the idea would have been intolerable to Wade.

"Oh, yes, quite all right. You seem to be," she checked herself with the remark upon her tongue, reflecting that after all, she was most fond of Wade because of his naturalness. "Well, well, for instance, was without a peer in smiling graceful phrases; but he span little else."
"But I don't understand why he should send it to you," Wade said, in a low tone, as the Senator turned to bend over an open book, and she saw a nearby chair. "Is he—do you?"
A slight rise of jealousy seemed to seize upon him, under the witchery of her slow smile.

"Oh, he's been writing to me, and I suppose he thought it I'd be interested. Of course, I was." She leaned toward him a trifle, a mere swaying of her body, like a life in a breeze, and

WOMEN FROM FORTY TO FIFTY

Will Be Interested in Mrs. Thompson's Recovery by Use of Lydia E. Pinkham's Vegetable Compound

Winnipeg, Man.—"Lydia E. Pinkham's Vegetable Compound has done me good in every way. I was very weak and run-down and my stomach troubles that women of my age are likely to have. I tried everything else, but it took the Vegetable Compound and am still taking it right along. I recommend it to my friends and to any one who is not feeling well."—Mrs. Thompson, 303 Lillian St., Winnipeg, Man.

When women who are between the ages of forty-five and fifty-five are beset with such annoying symptoms as nervousness, irritability, melancholia and heat flashes, which produce headaches, dizziness, or a sense of general debility, they should take Lydia E. Pinkham's Vegetable Compound. It is especially adapted to help women through this crisis. It is prepared from roots and herbs and contains no harmful drugs or narcotics.

This famous remedy, the medicinal ingredients of which are derived from roots and herbs, has for forty years proved its value in such cases. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

Women who suffer should write to the Lydia E. Pinkham Medicine Co., Lowell, Ontario, for a free copy of Lydia E. Pinkham's "Fifty to Forty" Book upon "All Women's Diseases."

W. N. U. 1458

Impulsively he placed his big hand over her.

"He's better not—he'd better mind his own business," he said grimly. She laughed softly, tantalizingly, and being human, Wade kissed her; the kiss being still busy with the contents of the bag.

Thus engaged, none of them heard a knock at the door, which finally opened before Moran, who, even if he did not actually see the kiss, could hardly have failed to suspect it from their embarrassed manner. Helen felt sure from his annoyed expression that he had witnessed the caress, and she was rather glad of it.

He exchanged a slightly stiff greeting with the painter, and then while Wade and Helen continued their talk, the agent spoke in a carefully guarded undertone with his employer. The news he brought, whatever it was, seemed significant, for the Senator appeared worried and presently turned to Wade.

"You'll not mind if I go over to the office with Moran, Gordon?"
"Certainly not, Senator. Don't let me interrupt you. But what's the use of us staying indoors, Helen? The sun has turned now and it's cooler out. I'll show you something of our little metropolis. Or, I tell you what we'll do. Why not let me take you over and introduce you to the only woman you're likely to find congenial in this neighborhood? She'll be glad to meet you, I know."

In any other country, Miss Rexhill would probably have resented an invitation to call upon a rival, even apart from the ethics of social calls, but not before Moran. Before him, she would not humble Wade in the least degree, if only because to do so would reflect upon her own preference between the men. She could only pretend to welcome the prospect of going to see Miss Farnell, and she played her part well.

"We may as well stay here now," Rexhill said, when the two young people had left the room. "When did all this happen?"

"I just got word of it," Moran answered, a bit excitedly. "Don't you see how it plays right into our hands? It's the greatest thing that could have happened for us. It might have been made to order."
"Are you sure it wasn't? Are you sure you didn't have the man shot, Wade?" Senator Rexhill's tone was very dry, and he watched his companion keenly as he asked the question.

Moran assumed an attitude of indignation.
"Why, Senator . . . ?"

"Fush! I want to know where we stand! You don't like, you mustn't go too far! We're travelling lightly close to the wind as it is."

"That just means we're likely to happen at any time. This one in particular has been brewing for weeks. You connect me with it, unnecessary."

"All right. I see your point of courage. The assassin is unknown, suspicion naturally falls upon Wade who is at the head of the cattle faction and who, as you say, threatened to send me to the gallows. I'll call him for awhile his party is likely to fall down."

"Moran," Moran cried eagerly. "Fortune has placed him right in our hands."

"Well, I'm not going to have him arrested," Rexhill announced doggedly. "At least, not on any trumped up charge. He's broken my bread."

The Wishing Fairy
Corinne

Concerning Fleas and Other Things.

STELLA, dear there is one thing I don't understand," said Pimples to the Wishing Fairy. "And I wish you would explain it to me."

"What?" she asked curiously, because Pimples is constantly asking questions, and she had always noticed that they generally led up to something interesting.
"Of just what use in the world are horrid things such as Fleas? As far as I can see there is no possible reason for them; but perhaps you can tell me."

"Whatever made you think of this?"
"Well," replied the Brownie, "today I wandered away through the world where Humans live. I saw lots of things, but among those I saw a dog, a cow and then as he lay before me fast asleep he would shiver and quiver as big, black and particularly ugly dog. For a long while I watched him. 'Every dog has his day,' I thought. 'He looked like the Brownie seriously added, 'as though he were dreaming of the most wonderful rabbit chase. All of a sudden he jumped up out of his dream as though he had been quite fearfully startled and began barking violently for Fleas. Now Stella, what is the idea? Why should there be such things as Fleas to wake any one or anything from a happy dream—Fleas, who as far as I know are of no earthly account?"

"Stella thought for quite a while. 'Have you ever thought,' she said, 'that in life, if we didn't have some particular unpleasantness we wouldn't be apt to enjoy other things? Take, for instance, Pimples' dog, who knows that the actual Flea might be constantly upon him, but it is not a good thing. In any case, it interrupts his happy dream and makes him realize that he is only a dog, and that he is not alone on the surface of happy dreams. If that dog didn't have some particularly disagreeable thing about him he would have so much fun being a dog that he wouldn't realize his good time—suppose he had had Fleas—Fleas and such things. It is that way with every one. If we were always absolutely happy we wouldn't appreciate the difference. We need trouble every now and then to make us appreciate our happiness. Even if it's only a Flea, the Flea is the trouble. It's a strange little creature so covered in a hard, reddish armor that it is more than protected and independent. It has long legs for jumping and a strong sucking beak; and I mustn't forget to tell you that Mr. Flea is much smaller than Mrs. Flea. She lays tiny white eggs that are covered with a gummy substance and she lays these preventives of comfort in old wood and dust. In less than a week baby Fleas in great numbers, are hatched, and then after about two weeks the new Fleas worm up themselves."

"They sit in cocoons where they remain until they have become perfect Fleas and come out into their active life."
"Oh, yes," laughed the Wishing Fairy. "Fleas have their particular duty. It is only in being too disagreeable to allow others the perfect happiness that would really be appreciated. There are lots of others, too, that have this strange duty."
"And are all Fleas alike?"
"No, indeed," Stella answered; "they are different both in shape and color, but quite alike in their duty of being disagreeable!"

Helen likes him. We call him a friend, in fact. I always play square with my friends—as far as possible. Strategy is strategy, nobody can quarrel with that; but this thing you propose is something more."

Moran, while listening, had restrained his impatience with difficulty. He not only had reason on his side, but personal hate as well. His sense of triumph in bringing the news of Rexhill had not been for their mutual cause alone; it had seemed to Moran to point toward the end of his rivalry with Wade for the love of Helen. To have the fruits of victory snatched from him, because of a sentiment of friendship, was almost more than the agent could stand for.

"Good God, Senator," he burst out, "don't throw this chance away! Think what it means to us! We are running close to the wind, and until this moment, it's been a toss up whether we'd get out of here with our lives; whether I would, at any rate. I've run a mighty big bluff on these cattle people, but I did it because it was the only way. I've held my own so far, but when they find out that it's not farm land we're after, but ore—why, Senator, there'll be no holding them at all! With Wade at their head and forty miles between us and the cars, where would we get off? We'd be lucky if we didn't swing from the limb of a tree. Do you suppose Wade would remember then that he'd broken your head? I'll bet dollars to doughnuts he wouldn't."

"But," his voice sank to a significant whisper—"if we had him in jail, by wiping his glasses."

"Then Uncle Sam would put him in again, with a troop of men to guard him here, and that would be another advantage gained for our side. No, sir, once we get him in jail, we've got the law with us and against him, don't forget that. Then the cattle would be mighty low. Wade has been the leader right along. I tell you, it's the only way, and you know what it means to us—to you."

"You don't have to tell me that," rasped Rexhill. "It we fall to put this through, I'm a ruined man."

Moran's eyes gleamed.
"Well, then, it's the only way, unless—"

"Unless what?"
"Unless your daughter marries him, and it all comes into the family. Upon that point, Moran wished to know just where he stood."

"I've never made a dollar through my daughter yet, and I never will," said the Senator grimly. "I'm not selling my own flesh and blood. I'll rest in the piousness first."

Moran gently breathed his relief. He would have fought to the fullest extent of his power to have aborted such a marriage, but if the Senator had favored it, he knew that it would have been difficult to prevent.

"Wade has a foreman he's mighty fond of, an old man named Santry. He's often remarked, trying another tack."

Germany Opposing British Aircraft
Taking Advantage of Provision in Treaty of Versailles.
Some concern is being caused by the action of the German Government refusing to allow British commercial aircraft above a certain size to fly over her borders, no indication means the closing down of the aerial mail and passenger service now running between London and Cologne every day. This has been a popular mode of travel and lately the risk has been so great that British liners had to put into service instead of one. Under the treaty of Versailles, Germany has the right to ban foreign aircraft after January 1, 1923, and she is taking advantage of this provision. One British concern, it is understood, has come to an understanding with the Germans by which they will run their ten-seater right through to Berlin from London in the coming year.

Uses for Skim Milk
Many Articles Can Now Be Manufactured from Dairy Product.
"Skim milk used to be considered as nearly worthless as anything might well be," says a chemist. "Now it turns up as hair combs, fountain pens, and paper sizing. I recall a manufacturer who was making a water paint out of glue and gypsum. He found a German product which was better than glue, but the Germans wanted 50 cents a pound for it—which was more than he could pay." The German product, on analysis, proved to be only a mixture of casein and lime. Casein is easily prepared from skim milk. We made some for our country. The man's factory was in a dairy country. Since then he has accumulated a large fortune selling his improved paint. He might well quarter a cow in his coat of arms."

Home of Robert Burns
Estate Has Been Donated As Gift to the Nation.
The farm Ellisland, near Dumfries, where the famous Scottish poet, Robert Burns, resided from 1788 to 1791, has been given to the nation by the direction of the late George Williamson, of Edinburgh, a wealthy merchant. The farm and buildings are to be handed over to the town of Dumfries to be maintained as a national museum and a centre of interest in Burns.

KEEP LITTLE ONES**WELL IN WINTER**

Winter is a dangerous season for the little ones. The days are so changeable—one bright, the next cold and stormy, that the mother is afraid to take the children out for the fresh air and exercise they need so much. In consequence they are often cooped up in overheated, badly ventilated rooms and are soon seized with colds or grippe. What is needed to keep the little ones well is Baby's Own Tablets. They will regulate the stomach and bowels and drive out colds, and by their use the baby will be able to get over the winter season in perfect safety. The Tablets are sold by medicine dealers or by mail at 25 cents a box from Dr. Williams' Medicine Co., Brockville, Ont.

If you think all things come to him who waits just sit down and wait and see how hungry you get.

Complete in itself, Mother's Own Tablets extirpator does not require the assistance of any other medicine to make it effective. It does not go to the work.

A man isn't necessarily brilliant because he sits down and reflects occasionally.

Seeing By Wireless

System So Perfected that Tele-Vision Will Become Practicable

Edouard Bell, the inventor of telephotography and the transmission of handwriting by wireless, believes that before long it will be possible to transmit direct vision by wireless—that is, to enable people to gaze on a scene many miles away without the scene being first photographed.

For tele-vision, he says, that it is not only necessary that the whole at the object of the scene should be visible at one time, but that the image should be transmitted at the highest possible speed.

He thinks he can achieve his object by the aid of photo electric tubes, which are so sensitive that they can act even to so faint a light as that of a distant star.

The systems of wireless reception have been so perfected that he believes the employment of these tubes to record impressions picked up at great distances will make tele-vision practicable.

This method, however, would not be sufficiently perfect to transmit moving pictures, as it is not expected to attain a higher speed in transmission than one second.

GASSED OVERSEAS**SHELL SHOCKED****and RHEUMATISM**

Mr. F. M. Blaquiere, Morinville, Alta., writes: "After three years service overseas I returned to Canada almost a complete wreck. I had been gassed, and was suffering from shell shock and rheumatism, and was so nervous I could not sleep at night. I tried many medicines and doctors, but none of them did me any good of any length of time. I got so bad, in the Fall of 1919, my hands were so stiff I could scarcely hold anything, and it seemed as if I had a steel band pressing on my head. The least excitement would drive me into fits, and my whole system seemed to be in disorder. I had cramps in my legs nearly every night, and hot and cold spells running up and down my back nearly all the time. One day I decided to try Milburn's Heart and Nerve Pills, and after I had taken six boxes I began to feel better. I kept on using them and after a while I was completely relieved."

Farmers Raisin Bread
4 cups cornmeal, 2 cups rye flour, 1 teaspoon soda, 1 cup molasses, 1 tablespoon salt, 1 cup water.

Leavening baking powder
2 cups sour milk or buttermilk, 2 tablespoons melted shortening, 1 cup rye flour, 1 cup soda.

Mix and sift all the dry ingredients together; stir in the raisins and the rest of the ingredients in order given. Mix thoroughly and pour into two well greased loaf pans. Bake about forty-five minutes in an oven heated to 400 degrees Fahrenheit.

Greek Peppers
6 large red peppers, 1 egg yolk, 1 cup bread crumbs, 1/4 cup stock pepper.

Small grated onion, 1 tablespoon minced pepper, salt, 1 tablespoon mixed spices, 1/4 cup chopped Sun-Maid raisins, Parmesan cheese.

Skin and halve the peppers, butter them inside and out and fit into a buttered plate. Mix together the grated onion, bread crumbs, raisins, pepper, salt, butter, spices and minced pepper. Mix well, then add the egg yolk beaten into the stock. Fill the peppers and bake. Wash hot from the oven dust with grated Parmesan cheese.

Juveniles From British Isles
Salvation Army Plan to Bring Selected Youths to Canada.

One of the most important results of the recent visit to Canada of Commissioner David C. Lamb, head of the emigration work of the Salvation Army, and his conferences with the Minister of Immigration and Colonization in Ottawa, is that official endorsement was given to the proposal of the Salvation Army to bring a number of selected juveniles from the British Isles to settle in the Dominion.

Part of the plan is to place a number of these boys, ranging in age from 14 to 18 years, as apprentices on Canadian farms. The boys will be chosen from among many who are ready to leave school. Many of them are the children of parents who are unable to afford to continue their education or bear the expense that is incidental to a long apprenticeship to a skilled trade. It is here where the Salvation Army will co-operate. With the joint approval of the boy and his parents, arrangements will be made for the boy to obtain a Canadian passport and he will be placed as a farm apprentice under a contract for one year. Every possible precaution will be taken to see that the boys chosen are of excellent character.

Already Adjutant Wm. Day, of the Salvation Army, Winnipeg, has received several requests from farmers in Manitoba, who are willing to take one of these boys.

It has been arranged that the first lot of boys arrive in Canada, sometime in March, and a quota will be placed on farms in Manitoba.

In the past forty years about 76,000 juveniles have come to Canada from the Mother Country under the auspices of such agencies as the Salvation Army and the Canadian Government.

Many of these boys have become prominent citizens, a number being conspicuous in the public life of the Dominion. During the war over 10,000 of these boys enlisted with the Canadian Expeditionary Force.

Peterboro, Ont.—"I can speak in the highest praise of Dr. Pierce's medicine. I suffered for a long time with weakness, which I became all run-down, weak and nervous. I also had severe backaches, pains in my side and bearing pains. I read of Dr. Pierce's medicine and began at once to take them. I took two bottles each of the 'Favorite Prescription' and the 'Golden Medical Discovery' and they completely cured me of all my weakness and restored me to good health. I feel as if I had a new lease of life."

"At one time my husband became afflicted with a chronic cough which caused him to become all run-down. He got so thin he was almost a skeleton. He tried many medicines but did not get any better. He took Dr. Pierce's Golden Medical Discovery. By taking this medicine he was completely restored to good health. He is now as strong and vigorous as ever."

Steam coal production in the Crow's Nest Pass district for January will probably reach the record breaking amount of nearly 300,000 tons, with all of the mines averaging in the neighborhood of 11,000 tons a day, according to O.E.S. Whiteside, of Coleman, who is a past president of the Western Canada Coal Operators' Association.

Blaimore is not the only place on the map where no interest is taken in the annual meeting of ratepayers. While at our annual meeting, a week ago last Friday, but two ratepayers besides three or four councillors and the mayor, and one representative of the school board were in attendance, we find that an even worse condition prevailed at other points in the province.

We understand that Mr. George Bradley is about to turn over his land at Crow's Nest Lake to American interests, whose intention is to build a large cement and clay products plant. FAIR CONVENTION

At the annual convention of the Fair Association of Alberta, held at Calgary a week ago, the following officers were elected: President, Rufus Cates, Oyen; Vice-President, H. Huxley, Lloydminster; Secretary-Treasurer, Alex. Galbraith, Supt. of Fairs and Institutes; Directors: Mrs. T. Armour, Chauvin; William Robertson, Stoney Plain; J. G. Clark, Irma; G. T. Day, Stettler; E. L. Richardson, Calgary; Hugh McIntosh, Macleod; J. Wilson, Innisfail; H. F. Nestor, Cressford. The convention was a successful one, a large number of delegates being present. In a message to the convention, Hon. Mr. Headley emphasized the success which had been attained in the fair as arranged by the Department with advice from a committee of the 1922 convention, and spoke also of the importance of considering exhibits for their educational value rather than merely for the money that was in it.

PUBLIC NOTICE

By the Board of Trustees of The Blaimore School District No. 628 of the Province of Alberta.

WHEREAS it is deemed expedient by the Board of Trustees of the Blaimore School District No. 628 of the Province of Alberta, that the sum of Fourteen Thousand Dollars should be borrowed on the security of the said District by the issue of Debentures repayable to the bearer in Ten equal consecutive annual instalments with interest at the rate of not more than eight per centum per annum for the following purposes, namely: That of erecting, equipping and furnishing a new two-story addition to the present school building. THEREFORE notice is hereby given by the Board of the said ratepayers of the said district for and against the said debenture loan is demanded as provided by The School Ordinance, the said Board will apply to the Board of Public Utility Commissioners for authorization to borrow the said sum by debentures.

Of which all persons interested are hereby notified, and they are required to govern themselves accordingly.

L. DUTTIL, Chairman. Dated at Blaimore, Alberta, this Seventh day of February, 1923.

INSTRUCTIONS TO RATEPAYERS. In rural districts a poll on debenture loan may be demanded by any four ratepayers if the loan exceeds \$2000 or if the loan is not for the purpose of building a first school house.

In town and village districts a poll may be demanded on any debenture loan by twenty and ten ratepayers respectively. Every demand for a poll should be delivered to the Secretary of the District or in his absence to the chairman of the board within fifteen days from the date of posting these notices. A certified copy of this demand should be forthwith forwarded to the Board of Public Utility Commissioners of Alberta at Edmonton.

CERTIFIED A TRUE COPY. J. R. GRESHAM, Secretary.
